Total care, complete satisfaction

Welcome

We would like to thank you for choosing So Dental.

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. Tooth decay is one of the most common preventable diseases and to prevent it requires a commitment of time and effort. With the correct habits, there is no reason why your child should not have healthy teeth for life. Research shows that preventive dentistry delivered on a regular basis greatly reduces the risk of dental disease in children and provides a platform for a lifetime of improved oral health.

With this in mind, we have joined with Lloyd & Whyte to design a dental plan for children. This plan will be administered by Lloyd & Whyte who will make a separate arrangement with you to manage your payments under the plan. The plan will provide advantages both to you and to us. It will allow us to plan your child's dental care more effectively and provide the best chance of keeping your child dentally fit. The advantage for you is that it should minimise your child's need for fillings and extractions and you will have the peace of mind that all of your child's preventive dental care will be covered by convenient monthly payments. Upon joining the dental plan, you will also be eligible to request assistance from the Worldwide Dental Emergency Assistance Scheme for dental emergencies or dental traumas whilst at home or abroad (see overleaf) – essential cover for the rough and tumble of childhood.

Your Child's Benefits:

- The cost of your child's preventive dental care is included
- Payment by convenient monthly Direct Debit, allowing you to budget
- Guaranteed registration with the practice and continuing access to your child's dentist
- Early identification of dental problems to prevent pain, discomfort and inconvenience
- Appointment times to suit your child whenever possible*
- Priority bookings in the event of a dental emergency
- Discount on treatment fees
- Worldwide Accident & Emergency Dental Insurance

Who is our Children's Plan for?:

Our plan is designed for those parents or guardians who wish their children to participate in a regular preventive care programme and to budget on a monthly basis.

What does our Children's Plan include?:

For children aged 6-12 years our plan costs £3.93 per month. For children aged 13-18 our plan costs £7.71 per month. Both plans cover:

- 3 Dental Health visits per year (Dentist/Therapist)
- 50% discount on dental treatment
- Worldwide Accident & Emergency Dental Insurance

Please Note:

Children aged 5 years and under may be seen free of charge for 2 Dental Health visits per year ** (not eligible for assistance from the Worldwide Dental Emergency Assistance Scheme) The monthly plan cost includes the charges for management and administration payable by you to Lloyd & Whyte.

** At least one adult family member must be registered with the practice

Treatment not covered by this plan can be paid for separately.

How do you enrol your Child in our Plans?

All you have to do is complete a registration form for us and a Direct Debit mandate and authorisation form for Lloyd & Whyte, on behalf of your child. In addition to your first monthly payment, an initial administrative fee of £10 per person will be payable directly to the practice.

If you choose to cancel your child's plan for any reason you can do so by simply giving us one month's notice.

What happens in an emergency?

In the event of an emergency and you are away from or unable to get to the practice you can make an appointment at any dental practice, pay for the appointment and then contact So Dental for a claim form so you can claim up to £500 for the dental emergency.

Any questions?

If you have any questions about our plan, please contact our reception team who will be happy to provide further information and guidance.
